May 28, 2021

To Hoonah Residents-

We have no reported new cases this week. Our Wastewater sample from this week did not show any COVID-19 as well. This means we are now going back to Risk Level 1. Businesses will remain open. You can read the City's COVID-19 Risk Mitigation and metrics on our website.

Again, we are taking this chance to let the public know we need to keep up all of the hard work to keep the virus from getting a foothold in our community.

Please continue to wear masks in public indoor spaces and take all the necessary precautions.

If you have not received the vaccine, please take the time to get vaccinated. We have all the tools at our disposal to keep this virus out, but we need everyone to stay persistent against the virus.
