UPDATE

January 16, 2021

The City of Hoonah's wastewater test results for COVID-19 for the week of January 11th came back positive. We have no confirmed cases, and with this updated information we are asking people to take advantage of the rapid COVID-19 test at the airport, between the hours of 8:30-10:30 and 2:30-4:30. Testing will allow us to ensure that we can contain the pandemic and stop it from spreading further in our community. Please keep practicing safety protocols. Wear masks, wash hands frequently, and practice social distancing. The wastewater testing will continue weekly for the near future. Stay vigilant!
