The Cirus will be leaving the Harbor once his exhaust is repaired. Hopefully by the end of the week.

The Tug Neka is owned by Nathan Austin and he is paying the transient rate to tie up in the transient location.

Kendrick Equipment will be in Hoonah the last week of April to conduct operator certification for all the Harbor Employees to include any and all of our Public Works staff.

Chair McConnell asked if we could expand the storage for the Harbor camera equipment. Administrator Gray will investigate if we can accomplish that work in the near term.

Board member Savland asked if we could install an additional camera at the downtown dock. Administrator Gray will request the SCS install one more camera.

General discussion ensued around the Harbor issues that will need to be addressed by the new hire.
